If you read only one book at bedtime every night for 3 years, you will have read 1095 books. If you read 3 books a day you'll read 1095 books in only one year.

Color in a star for each book you and your child share. If another family member reads a book with your child, write his/her name on the provided line. Reading together is a family affair!

## WRITING

Practice fine motor skills with activities like stringing beads or even eating finger foods. This will help with writing later on.

*Shared reading helps a child develop a love of reading and an appreciation of books. Children who enjoy being read to are more likely to want to learn to read themselves.*
