If you read only one book at bedtime every night for 3 years, you will have read 1095 books. If you read 3 books a day you'll read 1095 books in only one year.

Color in a star for each book you and your child share. If another family member reads a book with your child, write his/her name on the provided line. Reading together is a family affair!

SINGING

Songs are a natural way for children to learn about language, develop listening skills, and learn new words and information.

No matter what your child's age, reading together or shared reading, is the single most important activity that you can do to help your child get ready to read.
