GENEALOGY - NOW IS THE TIME!

I have some small pieces of paper that have been in my files for more than 50 years. Back in the early 60’s, I spent an afternoon in my local courthouse searching for marriage certificates for my ancestors. I was shocked by having to pay three dollars for a single copy, which was quite a lot for a teenager back then. I resorted to copying down as much information as I could instead of asking for copies. Looking for information about your family’s history is now a much different challenge.

You see advertisements all the time now for something called Ancestry.com. There are TV programs, like Who Do You Think You Are dedicated to showing people how interesting it can be to find out their own family history. The Internet has made the availability of primary documents so much easier. Every day more and more of those records that used to live only in archives are being digitized, indexed, and made available on-line. They are sometimes free, but often through a paid subscription to a database. There are birth, death, and marriage records, land and property records, probate records, military records, church records which include baptisms, confirmations and funerals, immigration and naturalization records, and many digitized historic newspapers to hunt through for information about your family. The process can be very rewarding.

DISCOVER HEALTH EXHIBIT COMING TO RIVERSIDE LIBRARY

Visit our exhibit, a bilingual informal education program for Colorado libraries and their communities. This hands-on exhibition for the whole family addresses the nation’s most serious public health issues: diabetes, obesity, and cardiovascular health. For even more hands-on interaction and learning, check out the variety of programs we offer for all ages. Programming information can be found at MyLibrary.us, in this newsletter or by picking up a brochure at your library.
High Plains Library District is committed to providing our patrons with the resources needed to aid them in their own family history research. We have a wonderful genealogy section currently located at the Centennial Park Library. Our collection specializes in providing access to records of people who left footprints in Weld County. We have microfilm of the *Greeley Tribune*, historic city directories, phone books, and yearbooks from Greeley schools. The local genealogical society has been busily creating a wonderful resource they have called their “Master Index”. This exemplary resource now contains over 1,082,000 citations for names of people who have left their mark in Weld County. It is available to anyone on the web through the society’s webpage, http://www.rootsweb.ancestry.com/~cowcgs/index.html

If your story began in another part of the world, you can use our computers to access the records on [Ancestry.com](http://www.rootsweb.ancestry.com/~cowcgs/index.html) through our library subscription. You can do this at any of our many locations, but if you would like some help along the way, we have a group of volunteers at Centennial Park who will do what they can to give assistance.

I have discovered over the years, that a lot of the people who like to research their family also are people who enjoy reading a good mystery. It must be because the challenge of discovering the details of your family history is much like looking for clues in a mystery. Sometimes what you thought was the truth turns out to be something entirely differently.

ADULTS | WHAT EVERY DOG NEEDS TO KNOW
April 2, 2:00-3:30 pm
Farr Regional Library

Dogs perform many valuable jobs in our communities and training a dog can be hard, but rewarding work. If you’ve ever wondered “what can my dog learn?” or if you are thinking of getting a dog, this program is for you. Sami Mann has spent more than 15 years training animals to carry out all sorts of jobs. She will talk about some of the jobs that your dog could do, from Search & Rescue, Therapy and Emotional Support to Rally, Agility and Obedience work. Sami will bring one of her dogs with her and will be able to answer some of your most puzzling dog behavior questions. Please do not bring your pet to this event.
