Books 301-400

My favorite book:

If you read only one book at bedtime every night for 3 years, you will have read 1095 books. If you read 3 books a day you'll read 1095 books in only one year.

Color in a star for each book you and your child share. If another family member reads a book with your child, write his/her name on the provided line. Reading together is a family affair!

PLAYING

Babies learn about books through play. Keep some books with their other toys.

A child's interest in reading early in life is an important predictor of later reading achievement.
