Summer SURVIVAL

Summer is finally here! And you couldn't be more ready. You've waited the length of three whole seasons for summer to come around again.

And, is it just you, or did fall, winter, and spring take longer this year than they did last year? You don't know how they did it, but you're pretty sure they lingered for a few extra days this year.

Never mind. It doesn't matter, because summer is finally here! You can take it easy and let the school year slowly leak out of your ears while you enjoy sweet, sweet freedom.

You're going to have so much fun

this summer!

You're going to do all the things you've been waiting to have time for.

You've got a whole list of them.

And you're going to start right now!

...

Fast-forward a week. Maybe two. The list is done.

Huh. You could have sworn all this fun stuff would get you through June at least! Are these really all the ideas you had? Now where are you?

You're sitting around, bored out of your mind, and the pressure is on to make some awesome summer memories while you still have the opportunity. Summer isn't going to last forever. You've heard about people dying of boredom, but...does that really happen? You don't want to find out!

The High Plains Library District has got you covered. [We offer you: the Summer Reading Adventure.](#)

This year, we are exploring themes of unity and teamwork with All Together Now. So, grab a friend and gear up for a summer of fun, friendship, and festivities!

We've got activity challenges to

get you up and moving, reading challenges to draw you into new worlds and interests, and community challenges to connect you with the people around you.

The Summer Reading Adventure is available for all ages. All you need is to pick up a log at your local library or just [sign up through our website here.](#)

With your reading log in-hand, you have a slew of new summer adventures in your grasp. The more activity and reading challenges you complete, the more prizes you'll earn. And did I mention, it's free?

But the fun doesn't stop there. Grab a list of [summer program offerings](#) from your favorite library locations and join us for dance parties, scavenger hunts, mad science, murder mysteries, seed bombs, mini golf, engineering challenges, escape rooms, foam parties, and more! These programs are custom-built to

resuscitate your sense of adventure and prevent the dreaded death-by-boredom.

But what's this? You've already made an imprint in your sofa? This is more serious than I thought. We need to get you moving, stat!

[Follow this link to the Summer Reading Scavenger Hunt](#) and start having fun immediately! We have no time to lose. Stay with me! I'm not going to sit here and watch you waste your summer moping around. Not on my watch!

Whew! That was a close one.

But there's a lot of summer left, and boredom lurks behind every yawn. You probably feel like yawning now, just because you read the word yawn. It's not too late! [Sign up for the Summer Reading Adventure now.](#) Stick with us, and we'll get you through this summer unscathed!
